

Acknowledgements

I, paying homage to the supreme triple Gems, the Buddha, Dhamma and Sangha, give great respects to my parents and my teachers.

First of all, I would like to indicate my gratitude on Dr. Vijit Supinit, Dean of MBA School at Siam University. He suggested me to do the independent study with couple of aids, guidance and complementary supports to complete my study. Without his kind suggestion and guidance this required academic research to me is impossible to complete easily. I, therefore, would to express my special thanks and gratitude to my supervisor, Dr. Vinit Supinit, Dean of IMBA that I am always very grateful to him.

Next, I would like to mention my profound thanks to those who sponsored me long academic period until finishing my degree. With not aid of them, I would not have an opportunity to live a student life in Thailand and study MBA course at Siam University as well. Moreover, I would like to thank my family and friends, especially Panyacekka, who had supported and encouraged me to complete my study during long academic period.

Finally, I would like to extend my sincere thanks to all instructors from whom I learnt very precious knowledge on business administration field in Graduate School of MBA English Program at Siam University. And then I would like to give my appreciation to the teachers from MBA and BBA departments, who returned my survey data for this research. With no aid of them, I would have no information and some useful data. That is why, thank you all in need of thank-giving.
