

Acknowledgments

All praises are due to Almighty Allah who enables me to complete this paper. This paper entitled “Contribution of Foreign Direct Investment to Economic Growth in Bangladesh” grabbed attention as my Independent Study of Master of Business Administration in International Business Management under the supervision of Dr. Vijit Supinit. I would like to express my sincere gratitude and appreciation to my independent study advisor, Dr. Vijit Supinit, Dean of Graduate School in MBA program of Siam University, for his continuous guidance, instruction, and constructive remarks in every aspect to prepare this study. It would have been quite impossible to write this thesis without his all out cooperation.

I would like to record my sincere gratitude and indebtedness to other faculty members who taught me in class.

Last but not the least; special thanks to my family. Words cannot express how grateful I am to my mother, father and my brothers for all of the sacrifices that you’ve made on my behalf. Your prayer for me was what sustained me thus far. I would also like to thank all of my friends for their encouragement and support to strive towards my goal. At the end I would like to thank my classmates especially for answering my questions generously, sharing useful academic articles, and discussing theory with specific example.
