

ACKNOWLEDGEMENTS

The completion of this Master Degree program particularly this project, would not have been possible without God's Kindness, protection and love and the good people he surrounded me with. "King of Kings, I bow before you". Lord I thank you for the following individuals who have contributed immensely from the start and the completion of this project. My profound gratitude goes to my late parents for their moral support towards my life journey to this world. Even though they are no longer here without us, their moral legacies still count. I would also like to use this opportunity to express my appreciation to my advisors Dr. TanakornLimsarun and Dr. VijitSupinit (Dean MBA Program) for their tireless guidance, advice and patience in reviewing this work. Honestly, they contributed significantly to the success of this project. I also wish to thank my best friends in the Lord Pastor Johnson Amosu, Prof. Emmanuel Nweke Okafor and Prof. Chukwuanugo Obuagu to name a few for their moral support especially when this journey became very tough, their prayers and advice significantly sustained and encouraged me throughout the process of this program.

Last but not least, I wish to extend my special thanks and gratitude to all the lectures and my fellow MBA students at Siam University as well as all public the school principals, the teachers and the students for the opportunity and cooperation accorded me during the conduct of this program. I am very grateful to all of you.
