

ACKNOWLEDGEMENT / DEDICATION

There is an adage in Africa that I really like, and am a strong believer of; it goes like this “One finger cannot hold a pen to write; it needs the help of other fingers”. I say this to mean that without the help of the below listed, very important people, I would not have been successful in completing this paper.

This work is dedicated firstly to ALLAH almighty, my Parents, and family, especially my senior brother Mr. Ibrahim K. Conde, and Sister Mrs. Dissoue C. Veikai, my wife Mrs. Farida C. Conde who stood with me through it all despite my shortcomings, and the hardships she had to endure with me.

Without all of you, this would not have been a success, and therefore let me say thanks once more.

Without the help of Mr. Gavin Collins, CEO of Sticky Numbers, I would have not had to chance to complete my studies because he provided me the financial mean in the form of a job offer, and personal assistance.

To all of you, I am extremely grateful.
