

ACKNOWLEDGEMENTS

Foremost, I would like to thank Allah Al-mighty, whose blessings are countless and who has given me the strength to complete my thesis within the given time frame.

I would like to express my appreciation towards my thesis instructor, continuous support throughout my research, for his patience, motivation and knowledge. His guidance helped me all the time in the writing of this research paper.

I would also like to thank all the people who helped me bring together this thesis; the participants in the research, my family and all my friends. And Specially I would like to dedicate my thesis to my Mother in law because she is the biggest moral supporter in my life , I feel blessed for having her.
