

Acknowledgments

How time flies! Two years college students life is about to end. During the two years of study, I got a lot of teachers, classmates and friends care and help. At the time of the completion of the dissertation, I would like to express my best wishes to all those who have given me support, help and encouragement.

I would like to express my gratitude to all those who have helped me during the writing of this thesis. I gratefully acknowledge the help of my supervisor Professor Li Chiao-Ming. I do appreciate his patience, encouragement, and professional instructions during my thesis writing. Also, I would like to thank everyone who kindly gave me a hand when I was making the questionnaire among the college English learners.

Last but not the least, my gratitude also extends to my family who have been assisting, supporting and caring for me all of my life.

The experience of this thesis has benefited me for life. I feel that the thesis is to really want to do one thing, is the real process of their own learning and research process. Expect this experience will allow me to learn in the future to encourage me to continue to progress.

Thank you all!
